S. E. GILMAN,	
JOHN F. BARTLETT,	

NEW HIGHWAY.

The Selectmen upon petition of C. E. Cilley and eleven others, laid out a highway upon the east side of the road leading from Kingston Town Hall to Haverhill, Mass., in an easterly direction to the new road (so called) leading from Bakie Bros. store to junction of East Kingston depot and Powow River station roads. Commencing at a point at the southwest corner of land of Henry French ; and running in an easterly direction by land of Henry French and others to a stake and stone on the westerly side of said new road in the direction of an oak tree on easterly side of said road. And we have this day contracted with Mr. Levi S. Bartlett to build said road and have it completed by July 1st next for the sum of one hundred dollars when completed to the satisfaction of the present board of Selectmen.

AUDITORS' REPORT.

KINGSTON, March 1, 1891.

The above accounts have been examined by us and found correctly cast and properly vouched.

MOSES J. FRENCH, }
 GEORGE W. SANBORN, } Auditors

ANNUAL REPORT
OF THE
BOARD OF EDUCATION,
OF THE
TOWN OF KINGSTON.

Your School Board make their annual report, under a cloud, from the fact that our chairman has been removed by death. We realize that we in common with the town have met with a great and irreparable loss. Prof. Abel Wood, A. M., was a graduate of Dartmouth College and Andover Theological Seminary. He had devoted forty years of his life to educational work.

He came to Kingston and adopted the place as his home a few years since. He at once identified himself with the interest of the town and church. He was especially interested in our common schools.

Three years ago he was elected one of the school board, and faithfully and conscientiously discharged the duties of his office up to his death. In the selection of the latest and most approved text books was his efficiency most apparent. The town schools will reap the benefit of his untiring effort in their behalf for years to come.

The schools have been very successful during the year. We believe the town has adopted the right course in giving the scholars the benefit of 30 weeks, instead of 22 as they had last year. There has been a degree of harmony between parents, teacher, and scholars that has not been equaled for the past three years, which is most gratifying, for without this sympathy and co-operation, success is impossible. We take pleasure in reporting an increased number of scholars that have been neither absent nor tardy, especially in No. 5. Last year there were only two; this year, 17. No. 2 has more than doubled the number of last year. Compare the number of scholars with perfect attendance this year, and you will see at once the improvement over last. Taking into consideration that the schools were 8 weeks longer, this high per cent. of gain is most gratifying.

All the schools, except No. 5, have had the good fortune to keep their respective teachers during the whole year. In No. 5, for the winter term the change was unavoidable. The pupils have thus reaped the advantages to be derived from the earnest, persistent work of efficient and experienced teachers.

By the operations of our new school text book law, the hindrances so keenly felt heretofore by teachers and school board have been remedied. Old and crude text books and methods have been supplanted by new and improved.

The old tedious method of teaching the A. B. C. from the primer has given place to the charts of Monroe. Like improvements have been made throughout and although these changes have incidentally involved some expense we confidently look for and expect an improved standard of scholarship which shall well repay the outlay.

Appended will be found abstract from register, roll of perfect attendance, and treasurer's report.

FRED M. INGALLS,	} School Board.
